WE GIVE YOU THANKS!

2020 has not been an easy year for most of us, though it seems to have gone by fairly quickly. There have been lots of cancelled or postponed trips, weddings and many other events, yet somehow we've managed to come together to figure out ways to work around these challenging circumstances.

We hope you were able to spend time capturing images with your camera, be it digital or film. Judging by our sales, film and darkroom supplies are making a huge comeback. We always appreciate your business and this year we can say we have more than ever. It seems many of you have taken to heart to "buy local" and it is because of you that we are able to keep doing what we do.

Our staff are preparing to celebrate the holidays in a much different, scaled back way this year. However you spend yours, we wish you the best and look forward to helping you with your photographic needs – whether you come in the shop, pick up curbside, or have your orders shipped through our online sales.

**WE WISH YOU ALL THE BEST OVER
THE HOLIDAYS and THANK YOU!**

We are currently operating with our regular hours but with limited clients in-store.

Appointments are no longer necessary to come to the shop but it's not a bad idea if you need to talk to one of our salespeople as we are limiting the number of clients in the store at one time in order to adhere to the important physical distancing requirements.

As per the City of Vancouver requirements, you must respect the 6 foot minimum distance in-store and please don't come if you aren't feeling well or if you should be self-isolating. There will be hand sanitizer that you must use when you come in the store. Masks are mandatory at all times while in the shop.

Curb side delivery and shipping are always available if you don't want to come into the shop.

Please see our webpage for further details as to how we are working hard to keep everyone safe!

Stay safe and take care of yourselves. By working together, we will get through this!

Rebates and Special Boxing Week Deals!

Many manufacturers are simply continuing on for Boxing Week with specials that started on or even before Black Friday. There are some exceptions however, as well as some new items too (for example the Canon EOS R6!), so definitely give the following rebates a good look over to see if anything you're hankering for is on sale! **These sales are all running from Boxing Day, December 26th, until New Years Eve, December 31st.** Some special bundles and rental coupons are coming off on the 31st, but many rebates stay in place until early January.

Boxing Week - RENTAL COUPON PROMO

For every camera body or lens you buy from us during our Boxing Week event, you will get a rental coupon as a bonus. This rental coupon can be used for any item in our extensive rental dept. and does not need to be used all at once but do note that it expires 6 months from the date of issue. The amount will be roughly based on a percentage of the item's selling price, so generally speaking the more expensive the item, the bigger the rental coupon!

If you decide to take advantage of our new online sales, note that you will automatically get a rental coupon along with your order if placed during the promo period. Should you be ordering from outside of the BC Lower Mainland and feel you won't be able to take advantage of the coupon, then please let us know in the order notes, and we won't include one.

RENTAL NEWS

JASON K.

Renter's Insurance

Understandably, we get many inquiries about insurance, and how the renter is covered. Unfortunately, there is no insurance coverage on rental items outside of our doors, so we do require a damage deposit on a credit card, INTERAC or cash to cover any damage or loss. Of course, this means that any loss or damage incurred by the renter will have to be covered by the renter out of their own pocket. There is one saving grace, and that is renter's insurance.

The Beau Photo Rental Department is pleased to work with two great insurance companies that offer temporary renter's insurance. As some of our gear can get pricey and if (heaven forbid) our gear gets lost, stolen or damaged during the rental, the renter is responsible for replacement or repairs. Often times this can get expensive, so temporary renter's insurance exists to help you out!

We work with two insurance companies, one is new to us, **Frontrow Insurance**, and the other is **GearPolicy.ca**.

Frontrow Insurance offers annual & short term production insurance and those rates can be as low as \$400/year with a \$350 deductible depending on liability and other add-ons. You can get a quote and purchase insurance on their website (below) and make sure you use coupon code: BEAUPHOTO50 to receive a \$50 discount!

<https://photographer.frontrowinsurance.com>

Shephard Asmore's subsidiary **GearPolicy.ca** offers temporary rental insurance, which is in effect for the duration of the rental only. You can get for example, \$20,000 coverage for \$94 a week with a \$1000 deductible + 5% processing fee.

<https://gearpolicy.ca>

Please note, there are some exclusions to these policies such as cancelled shoots due to communicable disease, theft from an unoccupied vehicle, willingly going into a riot situation, etc. For the temporary rental insurance policies, we will still have to take a full deposit on credit card just in case the renter is not covered if the unthinkable happens. Please thoroughly read each insurer's policies, exclusions & limitations of coverage on their respective websites to determine which one is most suitable for you.

Protect Your Gear with Online Photography Insurance

ACCESSORIES

MEGHAN S.

Boxing Week SUPER SALE on all Mindshift Products in Store!

The sale continues on all the Mindshift Rotation series camera bags we have in store.

That's right - all of them. That's right - a crazy sale!

We have three styles of Mindshift bags in stock currently, which means there is really a style for everyone and every type of camera! Before you know it the holidays will be here too and these bags could make a great gift for that adventuring photographer in your life.

The fantastic thing about these bags is their innovative rotating belt pack. Each backpack has a main compartment for accessories or your everyday needs whether you are commuting, hiking or skiing even, (it's almost that time of year!) plus a rotating belt pack for your camera gear. The belt pack allows for quick access when you want to take a photo but protection when you are mid-hike or mid-transit. Being able to access your camera gear without ever having to take your backpack off means you never miss a shot, and never have to set your bag down in the dirt.

The three different styles of bags vary mainly in size. For small, mirrorless camera kits there is the Trail. The smallest and lightest weight bag of the four styles, is great as an everyday commuter bag or for short day trips. The belt pack

Mindshift Rotation 180

Trail backpack:

Super Sale Price - \$115.00

Regular Price - \$299.00

has room for a smaller mirrorless with short lens attached plus another small prime lens or accessories. The main backpack has room for a water bottle, and a small amount of personal belongings. Available in both charcoal and tahoe blue colour.

Mindshift Rotation 180

Panorama backpack:

Super Sale Price - \$132.25

Regular Price - \$349.00

The next size up is the Panorama – which has a bit more room in the belt pack to carry either a larger mirrorless camera with a small extra lens, or a smaller body with several extra lenses or accessories. The backpack part has enough room for a water bottle, snacks, an extra lightweight jacket or sweater and a spot to attach a small tripod to the front. A great bag for a longer day hike or as your everyday biking backpack. Available in charcoal and tahoe blue.

**Mindshift Rotation 180
Horizon backpack**
Super Sale Price - \$184.00
Regular Price \$449.00

Third in line is the Horizon, with a bit more room all around - enough to carry a DSLR with lens attached and some extra accessories or a mirrorless kit with a longer lens attached or as an extra. The main backpack allows even more space, enough to pack for a larger trip if you need to, as well as includes a spot for a tripod on the front and an extra coat or blanket underneath attached by straps. Available in charcoal only.

All of the Mindshift Rotation series bags also include a spot for a water bladder of varying size depending on the bag. They do not however come with raincovers, except the Professional backpack. But not worry as we've got those too and they are also on a crazy sale!

We also have a few small **accessory kit storage bundles** left and we've even dropped the price on those which makes them an even crazier deal than before! Available is the Medium Kit case, which is a small padded case for a flash, cords, batteries, adapters...you name it! Or the Medium Bundle, which includes the Medium Kit case, plus two smaller cases for cords or chargers and a small battery/card wallet. These cases allow you to make sure everything you need is organized and in its place so you are not always fishing around in your closet for chargers and cables like I am!

The Medium Kit on its own is the crazy low sale price of \$25.00....Regular Price is \$59.00!

The Medium Kit Bundle is on sale for \$40.00 and hold on to your hats, its regular price is \$139.00!!
